NOMINATIONS

Monday last was nomination day and considerable interest was manifest on the date. There is some misunderstanding, Dr Davis, Mrs Eachern was elected by acclamation, but being that her name placed in nomination.

However, there will be no contest in the aldermanic ranks the following are in the field:

R. M. Angus
E. E. Chandler
L. D. Hanna
F. E. Kelley
F. P. Linden
Ald Montgomery
L. L. Rix
T. O. Rubbra

To fill the vacancies on the Alexandra school board, the names of O. H. Anderson, James F. Ellis, J. F. Fowler and F. E. Kelley were placed in nomination. Mr Kelley, having accepted the nomination for alderman, has withdrawn his name as a candidate for the school board. However, a formal ballot will have to be taken as Mr Kelley did not withdraw his name before the closing of the nomination. This being the case, a vote for Mr Kelley for school trustee will be a vote thrown away.

The three vacancies on the Sacred Heart separate school board were filled by Messrs. A. Gene, M. Theroux and A. Rebstock being re-elected by acclamation.

An Explanation

I desire in this open letter to thank my friends for the many expressions of regret that the contest for the Mayoralty should be settled by an election by acclamation.

Business matters called me out of town and I was unable to be present at the nomination day. It was a disappointment and surprise to me to learn that those who had my interests in hand had failed me. It was my expressed intention, after having been urged to contest the seat for mayor to accept the nomination, believing that all manner of good can be accomplished by a thorough discussion of civic matters, which can only be had by a keen contest for the important seats. Any ratepayer desiring further explanation will be favored by an interview with

Dear Sir,—I would like to urge the members of the Agricultural Society to attend the meeting on Saturday afternoon of this week. If the farmers want a permanent show ground on the beautiful piece of property they have an interest in AT PRESENT, let them attend their meetings or possibly it may be lost. It is true the city has done little or nothing for the society this last year, as the subscriptions will show, yet if farmers will really provide a good display of stock, etc., we may in time build up a first class society. It is not every society that has so valuable a site. Our very efficient secretary should have more support. Come out and help. Yours sincerely, AGRICOLA

COMMUNICATIONS

We do not necessarily endorse the sentiments advanced by this or any other correspondent under this heading.—[Ed.]

To the Editor of The Times :

My disappointment was great when I [illegible] last week's local papers did not find any sort of answer from Mr. A. B. Rosenroll, M.P.P.

He might have two reasons for not answering my letter.

The one is that he recognizes the truth of the charge and feels ashamed to come before the public with a poor defence.

The second is that he considers himself too great to do any wrong, and consequently too high to lower himself to the standard of the ordinary man who values the esteem of his fellow [illegible] and tries to defend his [illegible] as an honest man, when it is attacked.

"[illegible] is human." There is no man [illegible] who does not make mistakes [illegible] an honest man will try to [illegible] the mistakes he has made, and only the coward and the crook shields himself behind somebody else and does not confess to the human [illegible] of making mistakes.

[illegible] Mr. Rosenroll has not understood [illegible] his position as a member [illegible] provincial parliament is not given [illegible] as a present to play, and [illegible] he likes, with, or to enable him to [illegible] his business, but as a [illegible] confidence from the people, and [illegible] an act done by him does [illegible] alone but also all those who [illegible] much confidence in him that [illegible] honored him with this high position.

[illegible] men knew, what Mr. Rosenroll himself, perhaps, has not realized, that he is not faultless. But their confidence in his character assured them that what wrong he innocently did, or [illegible] to be done, would in so far as possible be rectified, and they [illegible] believe that he, whom they chose as their representative, would [illegible] any wrong.

[illegible] still right in believing this [illegible] Mr. Rosenroll?

The man that is honored by his fellow-citizens so much that they give him the position as their representative in the provincial parliament is [illegible] to be above other men and [illegible] head strong enough not to [illegible] by the [illegible]

Even the electors can make mistakes, and if this man afterwards shows that he does not possess this strong head then he is a failure as a representative of the people and should be made to realize this, and the sooner the better.

The reputation of a member of a legislative body affects the reputation of his electors. If, therefore, such a man does a thing that lowers his reputation as an honest and upright man, he serves his electors wrong and breaks the confidence they placed in him. And, again, if the representation of this man is attacked, it is his duty for his own sake and for the sake of his electors, to clear himself.

As an afterthought it occurred to me that Mr. Rosenroll, being a Liberal, does not deign to answer in the Conservative paper, and, therefore, I will explain why my first letter was sent to that paper.

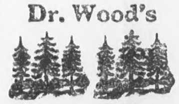

The matter between us being personal and not in any way political, I did not want the public to misinterpret my motives and think that my letter had anything to do with the attacks on Mr. Rosenroll on account of the court house site as published in the local Liberal paper, but having made this clear I beg the representatives of both sides to publish this and I once more call on Mr. Rosenroll, M. P. P., to publicly clear himself.

Thanking you, Mr. Editor, I am,

Yours truly,

H. MEHRING.

Some times when I wanted to cough and could not I would almost choke to death. My wife got me a bottle of DR. WOOD'S NORWAY PINE SYRUP, and to my surprise I found speedy relief. I would not be without it if it cost $1.00 a bottle, and I can recommend it to everyone bothered with a cough or cold.

Library Contest Vote Report

Last evening the trustees in the Library contest opened the ballot box and made the count up to date. The vote during the week has been fair, but doubtless many people have forgotten to ask for the ballots from the merchants. Or perhaps the plan of the contest is not generally understood. Elsewhere in the advertising columns of The Times will be found an explanation. The following is the result of the last count:

The editor of a Western state paper was pretty nearly right when he said that any time you hear a man finding fault with his local paper, the chances are ten to one that he hasn't an advertisement in it; five to one that he never gave it a job of work; three to one he does not take the paper; two to one that if he is a subscriber he is a delinquent; even that he never does anything to assist the publisher to run a better paper and forty to one he is the most eager to see the paper.

The Salvation Army will hold their Annual Xmas Tree in Angus Opera House a few days prior to Christmas. Watch for date and other particulars.

The Willing Workers of the Presbyterian church will hold their annual sale of fancy and useful articles on Tuesday, Dec. 11th, over Mr A R. Dickson's store. This will be a good opportunity to secure Christmas gifts. A special feature of this sale will be the apron booth. Aprons and pinafores of all sizes, colors and descriptions will be offered for sale.

One of Three Things Always Cause

RHEUMATISM

Do you know the system rids itself of waste matter through bowels and kidneys? Yes, but by the skin as well.

As a matter of fact, the skin rids the system of more ureas than the kidneys do.

If the skin, or bowels, or kidneys are unhealthy—they won't throw off enough urea. This urea is changed into uric acid—carried by the blood to joints and nerves—causing Rheumatism.

One never inherits Rheumatism. One does inherit weak kidneys, irregular bowels and bad skin action.

Fruit-a-tives

OR "FRUIT LIVER TABLETS"

will positively cure Rheumatism because they increase the eliminating action of skin, kidneys and bowels—and make these three organs so vigorous and healthy that there can be no urea or waste retained in the system to poison the blood and irritate the nerves.

FRUIT-A-TIVES are fruit juices, combined with tonics—the whole forming the most effective cure for Rheumatism.

IF WOMEN ONLY KNEW

Thousands of women suffer untold miseries every day with aching backs that really have no business to ache. A woman's back wasn't made to ache. Under ordinary conditions it ought to be strong and ready to help her bear the burdens of life.

It is hard to do housework with an aching back. Hours of misery at leisure or at work. If women only knew the cause. Backache comes from sick kidneys, and what a lot of trouble sick kidneys cause in the world.

But they can't help it. If more work is put on them than they can stand it's not to be wondered that they get out of order. Backache is simply their cry for help.

DOAN'S KIDNEY PILLS

will help you. They're helping sick, overworked kidneys—all over the world—making them strong, healthy and vigorous. Mrs. P. Ryan, Douglas, Ont., writes: "For over five months I was troubled with lame back and was unable to move without help. I tried all kinds of plasters and liniments but they were no use. At last I heard tell of Doan's Kidney Pills and after I had used three-quarters of the box my back was as strong and well as ever."

Price 50 cents per box or three boxes for $1.25, all dealers or The Doan Kidney Pill Co., Toronto, Ont.

Coal Strike is Over

Lethbridge, Dec. 2—The strike is over.

A committee met Mr. Naismith today and notified him that the terms agreed upon, had been ratified.

The terms are that there shall be a specified increase in wages.

That there shall be no discrimination between union and non-union men and no check-off system.

Provision is made for the settlement of any further disputes that may arise.

The output of the mine will not be materially increased for a week or ten days.

The company will put on day and night shift to clean up and prepare the portion of the mine which has been unused, but it will be three weeks before it will be running at full capacity.

C. P. R. Short Line.

Ottawa, Nov. 30—Dr. MacIntyre, M. P., presented a petition today from the C. P. R. for a branch line from Wetaskiwin line in range 20 township 47 west 4th meridian to Strathcona.

Railroad Notes

The Canadian Northern's application for charters for branch lines includes two branches out of Strathcona, one to Calgary and another to Pigeon Lake.

A despatch from Ottawa says that the application of the C. P. R. for permission to construct a line of railway from Cheadle, a point on the main line 25 miles east of Calgary, to Lacombe, has been approved by the department.

Ottawa, Ont., Nov. 28.—The Dominion Government has approved of the route of the Grand Trunk Pacific through the Yellowhead Pass. The C. N. R. applied to the Minister of Railways Saturday for a route through the Yellowhead Pass, but the application was held over until December 17th, to permit an engineer going to see how much space was available in the pass.

W. F. Graham and party arrived in the city today from Peace River country where they have been surveying for the G. T. P. The Graham party went out last May and has been working ever since in the Peace and Pine river countries, almost entirely on the B. C. side of the boundry line, but on this side of the summit. Their work was to run a trial line through the pass, which in point of altitude is one of the best in America, being only 2,850 feet at the summit, but it presents difficulties on the other side of the slope which probably led to the selection of the Yellowhead before the reports from the northerly passes were all in.—Bulletin.

Mayor Michener, of Red Deer, is urging the establishment of a Farmers' Exchange in that town. He proposes it to be placed in charge of a competent man, who would keep in touch with the best markets and secure for the farmers the highest prices available. He thinks that if fifty farmers should subscribe $100 each to the scheme it could be carried through.

Results of Blood Poisoning

Cured by Zam-Buk—Chronic Ulcers and Sores of Nine Years' Standing Healed by This Herbal Balm

The wonderful value of Zam-Buk, the herbal balm, in cases of chronic ulcers, sores, etc., is illustrated by the experience of Mrs. W. E. Rice, of London Junction, Ont. She says:

"I cannot be thankful enough for the day Zam-Buk came to Canada. For nine years I had been a sufferer from running sores on my legs caused by blood-poisoning. I had tried every kind of ointment and salve that I had heard of, but none of them seemed equal to my case. Last winter I was worse than ever, and could not bear to stand on my feet for five minutes. The pain was so acute that I could not bear to have my slippers on.

"I heard of Zam-Buk and decided to give it a fair trial. From first commencing with it it did me good, and it has now cured me. Whereas before I could not stand on my feet for five minutes at a time I can now not only stand, but walk about without any pain whatever. I feel like a new woman. I have waited to see if the cure was permanent before making any statement, and now I am very willing to give my testimony. I shall be pleased to answer any enquiries, and if any one cares to come and see me I shall be pleased to tell them what Zam-Buk has done for me."

It is by working such cures as the above that Zam-Buk has made for itself its world-wide reputation. It is a certain cure for cuts, burns, bruises, eczema, pimples, running sores, spreading sloughs, scalp disease, poisoned wounds, festering sores, piles, ulcers, bad legs, abscesses, boils, ringworm, erysipelas, scrofula, barber's rash, blackheads, acne, stiffness, rheumatism, and all injured, diseased or inflamed conditions of skin and tissue. Of all druggists at 50c a box, or post-paid from the Zam-Buk Co., Colborne Street, Toronto, upon receipt of price. 6 Boxes for $2.50.

There is a rumor in circulation in Red Deer that the C. P. R. will double the round house capacity there next year and make it the terminus of the Lacombe branch owing to the difficulty encountered in securing water that will not foam, up the line.

B. F. Browning, who lives at Craik, near Lacombe, while boring for water at a depth of 202 feet struck a heavy flow of gas. It was sufficient to knock a board on top of the well a distance into the air.

Minneapolis, Dec. 2.—The coal situation in the country districts has become worse since the cold snap and if the congestion of traffic at the head of the lakes does not ease up in short order, much result. One company stated that Garretson, S. D., is about to close up its schools because of lack of coal. In some of the towns near Garretson, the residents have threatened to move away if coal is not furnished soon. Another complaint asserts that the situation is decidedly bad all through the territory tributary to Duluth, Most of the complaints are said to come from points along the Milwaukee and Minneapolis and St. Louis roads.

Anæmia

In every street of every Canadian town you will meet with anæmic girls and women! Look at the pale lips, the waxy complexion, the dark rings round the eyes, the springless carriage! Are you a sufferer? Anæmia means that the blood is deficient in red corpuscles—those minute bodies which carry oxygen and carry energy to all the organs. Bileans replenish those corpuscles. Bileans so act upon stomach, liver and intestines that every bit of food you take is transformed into nutriment. This is how they cure indigestion, cure anæmia, cure general debility. Assimilated nutriment alone can cure anæmia. Bileans ensure perfect assimilation. Prove them! Send 1c. stamp for trial box.

Was Weak, Debilitated and Anæmic

Bileans Made Her Well

Miss E. Reed, of Kingston, (Ont.), has proved how to those run down, debilitated and anæmic, Bileans come as an unspeakable blessing. She says:—"I was ill, anæmic, my blood was impoverished, and I was altogether run down. My food did not seem to do me any good. I had pains in the chest, was nervous and miserable. I tried first one thing and then another, but nothing seemed able to give me back my lost strength. Such was my state when Bileans were brought to my notice. The first few doses of this herbal remedy relieved me somwhat, and a little perseverance with their use restored me to health. Bileans are a splendid remedy, and I cannot speak too highly of them.

Bileans are also a Cure for

Indigestion, constipation, piles, female ailments and irregularities, liver chill, rheumatism, kidney disease, blood impurities, wind spasms, pains in the chest and between the shoulders, liver congestion, biliousness, sick headache, etc. Send one cent to the Bilean Co., Toronto, and free sample box will be mailed you. All druggists sell at 50c. a box, or post free from the Company upon receipt of price (6 boxes for $2.50).

Sanitaris

Is Bottled at the Springs

Mineral water shipped in carboys and barrels and bottled at distant points—is like champagne kept over night uncorked. It's dull and flat.

"SANITARIS" is bottled at the springs at Arnprior, Ontario—just as it comes from virgin rock—with all its natural snap and sparkle retained.

When you drink "SANITARIS" you know you are getting water that is just as pure—just as delightful to eye and palate—as though you drank it at the springs at Arnprior.

The ideal table water. Blends perfectly with wines and liquors.

Held Responsible for It

This Charge Is Hurled at the Slater Shoe by a Dealer

"You are responsible, and you alone, for the importation of American Shoes into Canada." Mr. Slater was surprised when this charge was hurled at him by an indignant shoe man. He had opposed the application of the other Canadian Shoe Manufacturers for an increase in the Shoe Tariff, and shortly and ably opposed it, his competitors admitted. But his opposition, he maintained, did not favour the foreign shoe.

This is the way the charge against the Slater Shoe Company was argued: "You give exclusive agencies for the Slater Shoe. Only one man in a town or city can have the agency. What are the other dealers in the town to do? Sit still and allow the Slater Shoe to get a the trade of people who want fine sho Not much, sir. We know that the only shoe that can stand up wit your shoe in style and workmanship the American Shoe!" And they ha to have it. The buyer pays the du too. L. R. Rix, Exclusive Agen Wetaskiwin.
